

Dear Sir/ Madam

My name is Jarin Khalique I am a final year Pharmacy student at the University of Hertfordshire. I am doing my dissertation on how members of running clubs in London get information about health supplements. I would like to kindly ask for your help in responding to this questionnaire (link below). There is no obligation for your members to complete it, however this would really help me with my dissertation.

You are eligible for participation if you are over 18 years old. It should take less than 5 minutes to complete. You are not required to answer all questions should you not wish to. All responses will remain confidential; your identity and the name of your club will not be associated with published data.

Here is the link to the survey

The closing date is the 23rd of November

Please contact h.joshi@herts.ac.uk if you or your club members have a specific interest in this topic and want to discuss it further.

Thank you in advance for the help that you have offered.
